

REVISTA  
COLOMBIANA DE MATEMATICAS

| VOLUMEN XXII   | INDICE | 1988    |
|--|--------|---------|
|  |        | págs.   |
| ANGELOV, VASIL G.: A surjectivity result for non--<br>linear mappings on uniform spaces and ap-<br>plications. ....    |        | 51-60   |
| ALVAREZ, SERGIO: Retículos engendrados por colec-<br>ciones de Espacios $L^p$ .....                                    |        | 173-182 |
| BANAS, JOZEF and RIVERO JESUS: Generic property of<br>Tonelli's method for ordinary differential<br>equations. ....    |        | 193-202 |
| CALDAŞ CUEVA, MIGUEL: Resultados recientes sobre<br>espacios polinomiales de tipo numerable..                          |        | 13-28   |
| CORRÊA CAMARGO, JOSE LUIZ: Fixed point theorems on<br>certain class of contractive mappings....                        |        | 29-38   |
| CHARRIS, JAIRO A. and GOMEZ, LUIS A.: Functional a-<br>nalysis, orthogonal polynomials and the-<br>orem of Markov..... |        | 77-128  |
| CHARRIS, JAIRO A. and HUERFANO, RUTH S.: On some<br>spaces of analytic function and their<br>duality relations.....    |        | 129-148 |
| DORSETT, CHARLES: Generalized Urysohn spaces.....  |        | 149-160 |
| GOMEZ, LUIS A. (ver Charris Jairo A.).....   |        | 77-128  |
| FINDLEY, DAVID F.: The limited existence of $\alpha$ -deri-<br>vatives with $\alpha \neq 1$ . ....                     |        | 49-50   |
| HUERFANO , RUTH S.: (Ver Charris, Jairo A.).....   |        | 129-148 |
| KHANFAR, MOHAMMAD I.: Lengths in semi-free groups.   |        | 67-78   |
| MANLEY, P.L.: A characterization of primal noethe-<br>rian rings. ....   |        | 61-68   |
| MARCU, DANUT: An exchange property for the submodu-<br>lar systems.....  |        | 209-212 |
| PACHAPAGESAN, T.V.: Multiplicity theory of project-<br>ions in Abelian von Neumann Algebras.....                       |        | 37-48   |

RIVERO, JESUS (ver Banas Jozef)..... 193-202  
 VIDELA, CARLOS R.: On Root systems..... 183-192  
 YOUNIS, M.S.: On the interpolation between certain  
 theorems on Fourier transforms..... 203-208  
 ZALOTE, NICOLAS M.: Convergencia en relación..... 1-12  
 ZULUAGA URIBE, MARIO: Existencia de múltiples so-  
 luciones de un problema elíptico con par-  
 te lineal en resonancia con el primer va-  
 lor propio..... 161-172
